RAILWAY MACHINISTS WIN THEIR STRIKE

Southern Railway Asks Men to Return to Work.

WILL BE NO DISCRIMINATION

Against the Strikers—Meeting Will Be Called Next Week at Which Adjustment Will Be Made—Telegram From President O'Connell.

Atlanta, Oct. 13.—The striking machinists of the Southern railway have practically won their fight for an increase of 25 cents per day, and will return to work Saturday morning throughout the south.

The matter was arranged by James O'Connell of Washington, D. C., president of the International Association of Machinists, and Samuel Spencer, president of the Southern railway, and the terms of settlement are set forth in a telegram received Friday morning by J. L. Jones, chairman of the local strike committee, from Mr. O'Connell. The telegram follows:

"Washington, D. C., Oct. 11, 1906.

"J. L. Jones, 241 Whitehall street, Atlanta, Ga.:

"Southern officials want all men to return to work Saturday morning without discrimination. They will then meet general committee at Washington early next week. They assure me that honorable adjustment can be reached. Myself and executive board strongly recommend to all the men the adoption of this proposition. Call meeting Friday morning and take action. Wire answer immediately after your meeting.

"JAMES O'CONNELL,
"President."

Following the receipt of the telegram from President O'Connell, a meeting of the local machinists was called, and upon the recommendation of Henry F. Garrett, president of the local lodge, and J. L. Jones, chairman of the strike committee, it was decided to call the strike off, and that the machinists should return to work Saturday morning.

J. L. Jones said:

"Our men will return to work Saturday morning without any discrimination as to those who have led the movement. We have decided to do this because we want to show the Southern railway that we are fair men, and we want the public to know the same thing. We are satisfied that the Southern will do the right thing, and give us the increase asked for. The machinists are a law-abiding lot of men and want to return to work. We are entirely satisfied with the outlook."

Knoxville Machinists Return to Work.

Knoxville, Tenn., Oct. 13.—Local Southern railway machinists and helpers, who went on strike at the Coster shops here last Monday, Friday received orders from Washington to return to work Saturday morning. They claim to have obtained the full concessions demanded, an increase of 25 cents per day, or $3.25 for 10 hours' work.

Pirates Attack Steamer.

Vladivostok, Oct. 13.—A daring case of piracy occurred recently on board the German steamer Anna, while bound from this port for Chifu, China. Ten pirates took passage on the vessel as Chinese laborers, and when at sea attacked and bound her officers, terrified and robbed the passengers and escaped in a boat with all the money and valuables they could find.

Lehnemann Held by Police.

Halifax, N. S., Oct. 13.—James B. Lehnemann, for whom the United States immigration officials have been searching in connection with the smuggling of Chinese into the United States, disclosed by the recent seizure of the schooner yacht Frolic at Providence, R. Mrs. Davis Improving.

New York, Oct. 13.—Mrs. Jefferson Davis, who has been ill with a severe cold at the Hotel Majestic for several days, was reported to be somewhat improved Friday.

STOMACH SENT STATE CHEMIST.

Friends Believe Mrs. Hook the Victim of Poisoning.

Atlanta, Oct. 13.—State Chemist John M. McCandless has received from Coroner Palman of Chattooga county a package containing the stomach of Mrs. R. E. Hooks, who died suddenly, and under suspicious circumstances on Tuesday morning, Oct. 2, after drinking a fluid from a bottle marked "Nervine," said to have been received by mail. The coroner requests Dr. McCandless to make an analysis of the stomach to determine whether or not it contains any poisonous substance calculated to produce death.

Mrs. Hooks, the victim of supposed poisoning, was the wife of a prominent citizen of the little town of Chelsea, which lies in the northwestern portion of Chattooga county, almost on the Alabama line.

It is alleged that she received through the mail the bottle containing the fluid shortly after 10 o'clock on the morning of her death, took a dose from it, and 15 minutes later was found on the floor in a dying condition, her two small children crying piteously by her side. Efforts to relieve her were futile, and she died before 11 o'clock. The bottle from which she drank was found by her side.

Later advices from Summerville, the county seat of Chattooga county, report that G. L. Groover, a prominent merchant of Chelsea, was arrested Wednesday night and lodged in jail at Summerville, charged with having knowledge of the sending of the poison to Mrs. Hooks. Groover denies all knowledge of the crime he is charged with.

Some time ago R. E. Hooks, the husband of the poisoned woman, filed a suit for damages against G. L. Groover, alleging that the latter had alienated the affections of Mrs. Hooks.

Two Thousand Deer Killed.

New York, Oct. 13.—A Madrid dispatch published here tells of an unique hunt that was given this week in the royal forest near LaGranja by King Alfonso. His majesty invited a battalion of troops known as the Casadores de Madrid to join him and the court in a big shoot, and every member of the battalion, from the colonial down to the latest recruited private, traveled to LaGranja to take part. The slaughter of deer was terrific, dozens falling at a time. The reason for holding the hunt was that the forest had become so overstocked with deer that the pasturage was insufficient. The foresters estimated that it was necessary to kill 2,000. The victims have not yet been counted.

Novel Manner of Suicide.

New York, Oct. 13.—A Rio Janeiro dispatch published here says that Viscount Almeida, a well known member of society, committed suicide in a novel manner. He invited a number of his friends to dinner and afterward led them to a cage of lions that he had hired from a traveling menagerie. When all were watching the animals and chatting the viscount opened the door of the cage and entered. The lions pounced on him and he was fatally mutilated before he could be dragged out. It is said he was overwhelmed by gambling debts.

Los Angeles, Cal., Oct. 13.—Tommy Burns and "Philadelphia" Jack O'Brien have signed articles to fight 20 rounds, before the Pacific Athletic club in this city Nov. 23, for the heavyweight championship of the world. The two agree to fight for a $12,000 purse, a bonus of 10 per cent of which goes to O'Brien, the remaining $10,800 to be divided, 75 per cent to the winner and the remainder to the loser.

BROTHER HEADED WINNING BOLT

Brannen Forces Put Edwards In Nomination as a Final Resort In Order to Keep the Prize From Going to a Sheppard Man.

Savannah, Ga., Oct. 13.—At 11:45 o'clock Thursday the deadlock of the First district convention was broken, when Charles G. Edwards of Savannah received 21 votes and Floyd Scales of Waynesboro received 15. This was on the eight hundred and first ballot, after 42 days of deliberation.

The nomination came at a time when it seemed impossible for the convention to reach a conclusion, and his nomination was due to the presence of his brother, Robert Edwards, on the Tatnall county delegation, who bolted when the name of his brother was placed in nomination.

It was freely predicted during the afternoon, especially after there had been a split in a county delegation on each side, that there would be a nomination, and many knew that as a final resort the Brannen forces would place Mr. Edwards in nomination.

Mr. Edwards is 29 years old and an attorney.

Thursday morning, when the convention reconvened, E. K. Overstreet, for the Brannen delegation, announced that, after a conference, it had been decided not to vote for Mr. Charlton, who had been selected by the Sheppard men. He put his objections, in his opening remarks, largely upon the ground that the Brannen conferees had not been treated with the proper courtesy by the Sheppard delegation in selecting Mr. Charlton as the man to break the deadlock.

The Sheppard delegates came back with a counter proposition, in the nature of the nomination of Judge R. J. Williams of Emanuel county.

The Sheppard delegation continued to vote for Mr. Charlton and several fruitless ballots of the Charlton-Williams tenor were taken.

The meeting was marked by some heated verbal passages between the two delegations.

Thursday afternoon there was another session, but nothing was accomplished. The fight between Charlton and Williams was still on. The convention had resolved itself into a battle ground between the two rival political factions of Savannah, the People's Democratic league and the Citizens' club.

The Sheppard delegates declared they would never support a Citizens' club man, while the Brannen delegates declared they would never support a People's league man.

Judge Humphreys Breathes Last.

Valdosta, Ga., Oct. 13.—Judge W. S. Humphreys of Moultrie, one of the leading jurists in this section, died Thursday at the Halcyon sanitarium. In this city Judge Humphreys was brought to the sanitarium about nine weeks ago to undergo an operation which was regarded as the only possible chance to save his life. The operation appeared to be successful, and he was seemingly improving for a time after that, but the improvement was only temporary.

Fruit Dispatch Company Formed.

San Francisco, Oct. 13.—The Southern Pacific, Texas and Pacific and Missouri, Kansas and Texas jointly have formed the Southern Fruit Dispatch company for the quick transportation of fruit to Kansas City and St. Louis and thence on to New York and the east. The first train of the new company will leave Los Angeles Oct. 15. It is to have precedence over all other trains except those carrying passengers. The Missouri, Kansas and Texas will try to get the train from Fort Worth to Kansas City, a distance of 500 miles, in 20 hours, which is an average of 25 miles an hour.

BRANDED A CHEAT.

Van Giesen of Savannah Is Found Guilty of Swindling.

Savannah, Ga., Oct. 13.—Frank Van Giesen, a well known man in Savannah, a director in one of the local banks, was found guilty in the superior court of cheating and swindling.

The Atlantic Coast Line railroad was the prosecutor. Van Giesen bought a pass issued from the superintendent's office in the name of J. H. Roberts, a conductor. It read to Richmond and return. S. F. Holzendorff, formerly clerk in the superintendent's office, is to be tried for cheating and swindling and for forgery.

Van Giesen claimed that if any offense was committed it was in South Carolina, as his pass was not taken up until he reached that state.

Sentence has not been passed.

"Negro" and Not "Colored."

Washington, Oct. 13.—At the final business session of the United Spanish war veterans a joint installation of officers of the organization and of the ladies' auxiliary took place. A resolution was adopted condemning the practice of burying distinguished citizens without war records in national cemeteries. It was suggested that the simplified method of spelling be used in the preparation of official documents of the organization, but the idea was rejected practically unanimously. It was decided that in states where there were camps composed of negro members of the organization the negro camps should be organized into separate departments, and that hereafter the word "negro" should be used instead of the word "colored."

Grady Willis Bound Over.

Atlanta, Oct. 13.—At his preliminary hearing before Judge Bloodworth Grady Willis, for several months a cashier for the Knott & Awtry Shoe Co., was bound over to the superior court for embezzlement. His bond was fixed at $1,000. In default of bail he was sent to the Tower to await trial before Judge Roan. Willis, who is only 16 years old, admitted his guilt, and attributed his downfall to fast company and after-theater supper parties with chorus girls as his company. The young man, in his statement, told of having been employed by the shoe company on March 26 as cashier. He said in the following month he began taking money from the firm.

Letter to Assessor W. W. Colson, Gainesville, Fla.

Dear Sir: A man fed his hens half meal and half sawdust; he thought they wouldn't know the difference. He concluded they did when the eggs hatched woodpeckers.

Another man painted a house with a paint that was made of half paint-substitutes. He didn't know the difference—not till he paid the painter.

He had 20 gallons to pay for, 20 instead of 10. Got fooled $12.50 on the paint.

He had 20 days' wages to pay for, 20 instead of 10. Fooled $30 in wages.

He got a poor job besides. He paid too much for his eggs, and they hatched woodpeckers.

Yours truly,

CHAPPLE'S RECORD.

A Young Southerner Who Has Made a Big Hit in Baseball World.

The Florida Times-Union of recent date contained the following notice regarding Bob Chapple, who was for two seasons pitcher on the Oak Hall team of this city:

"Since Robert Olin Chapple, the Southerner, returned to Jacksonville from Scranton, Penn., where he played ball during the past season, he has been asked many times about his record in the New York State League.

"Chapple will easily lead the pitchers of that league. During the entire season he won twenty-seven games and lost but seven. Three of his losses were during the last two weeks of the league and Chap says that neither he, nor any of the team, were working as hard during the latter part of the season as they were earlier on account of the fact that the pennant had been cinched by the Scranton team.

"During the season Chapple had a most flattering offer to jump to York, in the outlaw league, but, believing in organized ball, he declined the offer. 'Chap' expects to have a reunion here shortly when Jack Robinson and Bob Kennedy report for the winter season."

FAULTY DIGESTION

Quickly Shatters the Nervous System and Should Be Given Attention At Once.

If the sufferer with weak nerves only realized that a faulty digestion was the chief cause of nerve exhaustion, a cure would be much easier, for he would then strengthen the digestive organs with Mi-o-na stomach tablets.

A few days' use of these tablets will tone and strengthen the digestive system so that it will absorb all the elements of nerve force from the daily food, and the nerves will be strengthened, sleeplessness will be overcome, weakness will vanish, and the various functions of the body will become natural and regular.

If you have specks before the eyes, are sleepless, have nervous twitchings, headaches and backaches, if there is nausea or distress after eating, if the appetite is poor and there is general debility and weakness, begin the use of Mi-o-na at once, and you will soon notice a marked improvement in health. It will give strength and vigor to the whole digestive system, restore the vital force and nerve energy, and impart ambition, strength and good spirits to the discouraged, run-down and weak.

You run no risk whatever in buying Mi-o-na, for J. W. McCollum & Co. give an absolute guarantee with every 50-cent box that the money will be refunded unless Mi-o-na does all that is claimed for it.

RHEUMATISM

TROUBLESOME PAINS AND ACHES

While Rheumatism is usually worse in Winter because of the cold and dampness of a changing atmosphere, it is by no means a Winter disease entirely. Persons in whose blood the uric acid, which produces the disease, has collected, feel its troublesome pains and aches all the year round. The cause of Rheumatism is a sour, acid condition of the blood, brought about by the accumulation in the system of refuse matter, which the natural avenues of bodily waste have failed to carry off. This refuse matter coming in contact with the different acids of the body, forms uric acid which is absorbed by the blood and distributed to all parts of the body, and Rheumatism gets possession of the system. Rheumatic persons are almost constant sufferers; the nagging pains in joints and muscles, are ever present under the most favorable climatic conditions, while exposure to dampness or an attack of indigestion will often bring on the severer symptoms even in warm, pleasant weather. Liniments, plasters, lotions, etc., relieve the pain and give the sufferer temporary comfort, but are in no sense curative; because Rheumatism is not a disease that can be rubbed away or drawn out with a plaster. S. S. S. is the best treatment for Rheumatism: it goes down into the blood and attacks the disease at its head, and by neutralizing the acid and driving it out, and building up the thin, sour blood, cures Rheumatism permanently. Being made entirely of roots, herbs and barks, S. S. S. will not injure the system in the least. Book on Rheumatism and any medical advice without charge.

SERMONETTES

Some college-bred folks seem to have been winded in the race.

The unkindest cuts we get fall from lips that ought to frame apologies.

They are making gas pipes out of paper now—no new thing, by the way.

The fellow that courts advice doesn't want it. He's hunting somebody to endorse his whims.

All the world loves a lover. They are our unconscious comedians and we reserve the right to laugh or weep.

Some boast of prizes that amount to no more than booty taken in the looting of some already impoverished mortal.

Some men's lives are a bid for bullets and the hand that places them gets silent thanks for the delivery of the goods.

We say we do things for certain reasons. After all, do we not all do exactly as we choose and then hunt for reasons to justify?

There is only one redeeming feature in envy—you can possess the millionaire's gold without his anxiety. Were it otherwise, you might envy the man destined to sleep in a potter's grave.

It may be true that in union there is strength. I have noticed in history, however, that the ideas which have changed the trend of national destinies were born in solitary brains.

Character is not a growth by annexation. It is an empire whose boundaries are like the universe. The truth is, everyone is born great—great if he has power to sway a scepter in his kingdom.

We live between suns. In a little while the play will be over. The wreathe that hangs on an animated head today will hang on a skull tomorrow. We must play our part in the one great tragedy.

Be assured that the ghosts of the present now will throw their phantom shadows on the gild and tinsel of the coming years. The happy visions of this day are to be ruined, maybe, by the winding trails of ruthless and relentless memories.

Alfred Russel Wallace caught a baby orang-outang. Just like a human baby, it had to be fondled. He must croon before it would go to sleep. When alone it was absolutely quiet. But footfall brought on the whining. Did it every occur to you that for the most part our crying is done for the galleries?

The saloon men of Tampa are strenuously fighting payment of the increase in the retail whiskey license from $250 to $500. Proprietors of sixty saloons have been arrested for failure to pay the license and the cases will be heard before Judge Wall on habeas corpus writs. Robert Mugge was arrested fourteen times and B. M. Balbontin twenty times, each being proprietors of that number of saloons. The cases will be taken to the supreme court, no matter what Judge Wall's decision may be.

From the Cunarder steamship Carmania, on its arrival at New York recently, $10,325,500 in gold was unloaded, being the largest shipment ever carried by a single steamer across the ocean to this country. To insure entire safety in its landing a company of riflemen was brought into requisition as a guard.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

The officers of Gainesville and Alachua county would have the loyal support of the better class of the negroes—those who earn their bread by the sweat of their brow—in an effort to rid the town and county of the worthless vagrants who infest this section. The law is ample, but the officers refuse to "get a hump" on them.

There are unmistakable evidences that the temperance people will exercise every effort to have the next Legislature pass a constitutional amendment submitting the question to the people as to whether intoxicating liquors shall be sold in the State.

FIFTY YEARS MARRIED.

Mr. and Mrs. James Chesnut Will Celebrate Their Golden Wedding.

On October 15th Mr. and Mrs. James Chesnut, who have resided on their fine old plantation near this city for more than forty-five years, will celebrate the fiftieth anniversary of their wedding, which occurred in Camden, S. C., on October 15, 1856.

Coming into the State at a time when it was thinly populated, undeveloped, then bloody war and the throes of reconstruction, they have lived to see it become rich, populous and well governed. That they assisted in its development, and the restoration of a good and stable government, goes without saying. In the dark days preceding, and up to 1876, Mr. Chesnut was one of the strong leaders whose courage and wise counsels did much towards bringing about order out of chaos, and the great Democratic victory of 1876, which wrested the State government from the carpet-baggers. Always cool, always conservative, yet fearless, he was a leader who inspired confidence and respect, and the old guard, many of them yet living, will remember how much this county and State owes to him.

Forty-five years ago, in the section of the county in which Mr. and Mrs. Chesnut now live, was quite a colony of South Carolinians, all members of distinguished families from that grand old State, attracted to Florida as a rich, new field for the growing of Sea Island cotton, which was then worth about $1.50 per pound. Among them were Mr. and Mrs. James Chesnut, Mr. and Mrs. Thos. E. Haile, John Haile, Mr and Mrs. C. E Haile, Mr. and Mrs. Thomas W. Chesnut, Edward Haile, Ed. Brevard and others—most of them wealthy and large slave owners. They farmed on a scale which in this day would seem colossal, and which will never again be witnessed in the South.

The armies of happy, contented negroes, going singing and shouting to their labors in the great, glistening white fields of cotton, and the sounds of innocent evening revelry in the negro quarters to the tune of a home-made banjo, all have passed away forever, and with them the most delightful and picturesque period of the South's history.

Mr. Chesnut and Chas. E. Haile are the only male members of the original colony now living, but their descendants are scattered throughout the entire State, many of them occupying high and honorable positions.

Both Mr. and Mrs. Chesnut are in the enjoyment of perfect health, and are well preserved for their years. Six children have been born to them, of whom three are now living: Mrs. Scriven Dozier and Charles Chesnut of Jacksonville, and Mrs. B. F. Jordan of Gainesville.

The Sun joins in congratulations to Mr. and Mrs. Chesnut, and wishes them many more years of happiness and prosperity.

Baby won't cry if you give Him BALLARD'S HOREHOUND SYRUP.

Mrs. J. C. Jenkins, Denver, Colo., writes: "I can't say enough for Ballard's Horehound Syrup. It has cured my baby of the croup and my children of severe Coughs. I know no better medicine."

Beautiful Women

Use and Recommend NEWBRO'S HERPICIDE

MISS MILDRED HOLLAND,

the Charming and Deservedly Popular Theatrical Star, writes as follows:

"I am delighted with Newbro's Herpicide. It is just what I have been looking for. I find that it not only prevents dandruff, but that it stops the hair from falling out. It is a most delightful hair dressing, and no lady's toilet table is complete without it."

(Signed) MILDRED HOLLAND.

A woman to be pretty must have pretty hair. There is a subtle charm about beautiful hair that lends more to personal adornment than all of the skill of all of the "beauty doctors" combined The hair need not be of extraordinary or abnormal length, but it must have that distinctiveness of appearance that comes from intelligent care, and is the result of perfect hair health.

The most cultured ladies in every community use Newbro's Herpicide; and when you see a head of hair that glistens with beauty and is radiant with life, it is a fairly good indication that Newbro's Herpicide has been used.

A common cause of dullness of the hair is the presence of fine dust and soot in the streets that is kept in constant motion by trolly cars, automobiles, etc. This fine dust—frequently laden with disease germs—adheres to the hair and dulls its natural luster.

A delightful way to cleanse and beautify the hair is to moisten a cloth with Newbro's Herpicide and draw it carefully through the hair, taking one small strand at a time. It may be done daily, or less often, as desired.

The result of this cleansing process will prove a surprise, not only in the amount of dirt removed, but in the added beauty of the hair and the sense of cleanliness and comfort that follows. Shampooing will also remove this dust, but too frequent washing of the hair is harmful.

Newbro's Herpicide is the Original remedy that "kills the dandruff germ." It eradicates dandruff and stops falling hair. It is the only real scalp prophylatic in existence. A delightful and refreshing hair dressing. Stops itching of the scalp almost instantly.

Beard's slayer, believed to be a negro, made his escape and is being hunted. Several other officers were in the vicinity at the time of the murder. The name of Beard's slayer is John Hardy, a negro.

Fort Mill, N. C., Oct. 13.—Three negro children were burned to death in a fire which consumed a house on J. M. Pratt's plantation near town. The negro parents locked the children in the house when they went to their day's work, and the children probably started the fire.
